

The British Club of The Hague

What you can look forward to ONLINE in the month of JUNE 2021

<p>Friday 4</p>	<p>11.00</p>	<p>Hazel Wachters leads this month's General Discussion Goup on Lockdown. So far we have not discussed the unprecedented situation which came to rule our lives for such a long period of time. Now that things are gradually returning to some form of normality we can take time to look back. What have we missed most? On the other hand we may have found that lockdown also presented opportunities for new and unexpected activities.</p>	
<p>Friday 11</p>	<p>11.00</p>	<p>Following the success of Dawn and Georgina's Corona Challenge, we bring you a jungle exploration through the tall trees and tangled vines of general knowledge. Judy Swann and Eileen van der Wilt will be your hosts for our latest Online Quiz - plenty of excitement for a Friday morning! The questions will cover a range of topics, so everyone has a chance to get the answers right.</p>	
<p>Friday 18</p>	<p>11.00</p>	<p>Georgina James will continue her fascinating history of The Story of Cinema in The Netherlands with Part 2: 1918 - 1940. Since its invention at the end of the nineteenth century, the moving image has been an important part of the way we understand and interpret the world. Georgina will be tracing how the geography, history and culture of The Netherlands has been reflected in, and influenced by, the experience of "going to the pictures" from 1895 until the present day.</p>	
<p>Friday 25</p>	<p>11.30 - 12.30</p>	<p>Assuming the Club has not yet re-opened by this date, the Club Library will be open by appointment for 15 minutes of individual browsing among the shelves. Please mail or call Elisabeth for an appointment. Books may also be ordered in advance for delivery later on 25 June. Please consult the Library catalogues on the Club website, and send your wishlist to BCHLibrary@gmail.com by 23 June. Books currently out on loan may be returned while the Library is open.</p>
